

## HS900

The HS900 is a high performance “HornStrobe” especially designed for audible and visual warning in the event of fire or evacuation.

The flashes emitted by the strobe’s high intensity xenon tube are visible from all angles thus providing maximum visual coverage.

The smart, low-profile HS900 hornstrobe blends with all environments, making it ideal for hotels, hospitals, cinemas, offices and households.

## FEATURES

- Operating voltage: 19 ÷ 32 Vdc
- Strobe current draw (mean value): 135 mA
- Horn current draw (mean value): 90 mA
- Sound output high/low volume: 87±3dB/100±3dB @ 3m
- Candela: 60 cd
- Dimensions (wxhxd): 126x132x53 mm
- Protection class: IP31
- Operating temperature: 5 ÷ 40 °C
- Weight: 245 gr

### ORDER CODES

<b>HS900/R24S</b>	Horn/Strobe, red, 24 V, synchronized
<b>HS900/W24S</b>	Horn/Strobe, white, 24 V, synchronized
<b>HS900/R24</b>	Horn/Strobe, red, 24 V, not synchronized
<b>HS900/W24</b>	Horn/Strobe, white, 24 V, not synchronized
<b>H900/R24S</b>	Horn, Red, 24 V, synchronized
<b>H900/W24S</b>	Horn, white, 24 V, synchronized
<b>H900/R24</b>	Horn, red, 24 V, not synchronized
<b>H900/W24</b>	Horn, white, 24 V, not synchronized
