Market Focus & Product Demands

'Innovation' in Gas Detection

Typical Applications

- Exploration vessels
 - Production platforms
 - Onshore oil & gas terminals
 - Distribution & infrastructure
-
- Refineries/Chemical plants
 - Semiconductor
 - Power plants
 - Waste Water facilities
-
- Utilities
 - Building Services
 - Car Parks
 - Addressable LEL/CO
-
- Domestic CO / LEL
 - Caravanning
 - Boating
 - Camping

Typical Products

Honeywell

Z zellweger analytics

Current Fixed Industrial/Premium Range

'Innovation' in Gas Detection

EXCEL

- Certified for hazardous areas
- 4-20mA/MODBUS
- Optional handheld configurator

OPTIMA PLUS

- Certified for hazardous areas
- 4-20mA/MODBUS
- Optional handheld configurator

APEX

- Certified for hazardous areas
- NIC
- 4-20mA/relays/LON
- Smart sensors/hot swap

OPUS/Lifeline II

- Non certified for safe areas
- NIC
- 4-20mA/relays/LON
- Smart sensors

Sensepoint Pro

- Hazardous area certified
- NIC
- 3 wire 4-20mA/relays
- Plug-in sensors

Sensepoint Plus

- Certified for hazardous areas
- Intrusive maintenance
- 3 wire 4-20mA

SENSEPOINT / 705

- Certified for hazardous areas
- Flammable and toxic options
- mV and 4-20mA

SIGNALPOINT

- Non certified for safe areas
- Flammable and toxic options
- mV and 4-20mA

PLC

PLC Based Systems

- Various suppliers
- 4-20mA/relays/addressable
- Many systems integrators

Custom

System 57

- 19" rack mounted fire & gas
- mV/4-20mA/fire/relay inputs
- Single/quad channel cards
- Wall or floor standing

Touchpoint 1 & 4

- Low cost wall mounted controller
- mV or 4-20mA
- Individual channel relays

Unipoint

- Low cost DIN rail mounted controller
- mV or 4-20mA
- Individual channel relays
- Suitable small systems
- Bussed DIN rail solution
- OEM channel partners
